

Software Solution: GLAMS CMO

Take Control of Your Client's Labeling & Artwork Processes

✓ GLAMS CMO enables you to:

- On-board new clients with ease
- Create and manage codes on finished artwork
- Approve new artworks
- Manage proofs with your print suppliers

Handle more artwork, in a validated industry dedicated system, with full reporting functionality that incorporates all your stakeholders.

✓ Compliance

GLAMS is used in the highly regulated life science industry environment every day. As well as being GMP, Annex 11 and 21 CFR Part 11 compliant, GLAMS extensive configuration capabilities gives you the flexibility to stay on top of all your regulatory requirements.

✓ Process Optimization

GLAMS helps you take the complex and make it concise, creating optimized workflows. Get industry best practice workflows that don't disrupt what you do – **only improve how you do it.**

✓ Visibility

GLAMS provides full audit trails for every workflow, helping you to **create comprehensive reports** and track every job **from beginning to end.**

✓ Scalability

GLAMS grows with you. It's easy to add new clients to GLAMS. Our modular approach means you can add functionality, storage, users and workflows as you need them. Adding a new system like SAP or Oracle? Seamless integration means you can be assured GLAMS will feed into your overall process.

✓ Quality & Validation

GLAMS has been developed to GAMP 5 guidelines. We handle your complete suite of validation documents resulting in **effortless system implementation.** We offer continuous support throughout the GLAMS life cycle.
